

SmartKing™ standard arm for door closer EN2-5 and EN2-6

CHARACTERISTICS

- Standard arm for SmartKing™ multifunctional door closer
- Compatible with SmartKing™ door closers EN2-5 and EN2-6
- Adjustable

DESCRIPTION

The separately available SmartKing™ standard scissor arm is compatible with both the EN2-5 and EN2-6 door closer models. They share the same finishing color as the door closer and guarantee a perfect and design installation. They can be mounted on aluminum, wood or hollow metal doors and frames.

TECHNICAL SPECIFICATIONS

- Compatible with SmartKing™ door closers EN2-5 and EN2-6
